

Upcoming Career Events

National Energy and CAREEREXPO - Sponsored by the U.S. Department of Energy

Wednesday, November 18

10:30 a.m. – 6:30 p.m.

Marriott Los Angeles International Airport

The CAREEREXPO is designed to provide high school and college students, faculty and community leaders with the opportunity to engage in hands on demonstrations and interact with corporate recruiters and DOE staff to find the right career path, right now. Learn about research opportunities, graduate scholarships and how you can partner with the DOE on a variety of new programs and initiatives in the fields of energy, science and emerging green technologies.

To register, visit: <http://humancapital.doe.gov/nationalenergyexpo/index.html>)

Upcoming Information Sessions

International Wilderness Leadership School (IWLS) Information Table

Tuesday, November 17

12:00 p.m. – 1:00 p.m. / 5:00 p.m. – 6:30 p.m.

Frary Dining Hall, Pomona College

International Wilderness Leadership School (IWLS) Information Session

Tuesday, November 17

9:00 p.m. – 10:00 p.m.

Walker Lounge, Pomona College

IWLS leadership programs take place in some of the world's most alluring wilderness, from glacier-capped mountains in South America to the wild rivers of Alaska to Africa's wildlife-filled savannas. The programs include technical training in alpine mountaineering, sea kayaking, rafting, canoeing, rock and ice climbing, backcountry skiing/snowboarding and backpacking and more.

IWLS instructors are widely recognized as some of the very best in their field and have practical leadership experience from around the globe. They are well trained and have an uncommon enthusiasm for sharing their skill and knowledge, borne out of a passion for outdoor exploration.

We also conduct a spectrum of rescue and professional training courses. These programs include avalanche courses, crevasse rescue, swift water rescue, and high angle rescue for individuals and professional groups like search and rescue teams, government agencies, outdoor guide services and professional educators.

To learn more, stop by IWLS information table or info session.

Selected Environment, Energy & Urban Planning Opportunities in CMConnect

Search green job opportunities in environmental analysis, urban planning, and energy analysis through CMConnect. After logging into the system at pomona.edu/cdo, select “CMConnect Opportunities” under the “jobs/ocr” tab. Opportunities with upcoming resume deadlines include the following:

Employer: **Friends of the Earth**

Position: **Federal Dirty Fuels Campaigner**

Location: Washington, D.C.

CMConnect ID: 849017

Resume Deadline: Saturday, November 7

Friends of the Earth is a hard-hitting, progressive environmental advocates that pull no punches. The Dirty Fuels Campaigner will oversee research and analysis, develop public education and campaign materials on global warming issues, develop strategic campaign and communications strategies, and reach out to groups within the environmental community and beyond to build a diverse coalition focused on stopping the expansion of dirty fuels.

Employer: **Climate Action Reserve**

Position: **Reserve Program Assistant**

Location: Los Angeles, California

CMConnect ID: 849456

Resume Deadline: Tuesday, November 24

The Program Assistant’s primary role will be to support the Reserve project developers as they report emissions reductions projects under our program. This individual will also assist the Reserve Programs staff in developing the suite of member services. The primary responsibilities are outlined below and should be viewed as a starting point; the position will evolve and grow according to the successful candidate’s interests and aptitude, and with the Reserve workflow.

Employer: **Environment America**

Position: **Environment America Fellowship**

Location: Nationwide

CMConnect ID: 846169

Resume Deadline: Friday, January 1

Environment America is a federation of state-based, citizen-funded environmental advocacy organizations. Its professional staff in 27 states and Washington, D.C., combines independent research, practical ideas and tough-minded advocacy to overcome the opposition of powerful special interests and win results for the environment.

Environment America Fellows will get a chance to work with some of the top environmental advocates and organizers in the country, and will have an immediate impact on critical environmental issues. The Fellowship Program gives recent college graduates the training and experience to assume leadership roles in the environmental movement for the long term.

Employer: [U.S. Department of Justice, Environment and Natural Resources Division](#)

Position: **Paralegal Specialist**

Location: Denver, Colorado / Washington, DC

CMConnect ID: 850352

Resume Deadline: Sunday, January 31

The Environment and Natural Resources Division (ENRD) is a 700 person organization with approximately 400 attorneys and nearly 300 legal support and administrative staff. ENRD has primary responsibility for litigation on behalf of the United States regarding pollution, environmental challenges, Native American rights and claims, and stewardship of public lands and natural resources.

Employer: [Tahoe-Baikal Institute](#)

Position: **Summer Environmental Exchange Intern**

Location: South Lake Tahoe, California

CMConnect ID: 845592

Resume Deadline: Friday, February 5

Program provides unique place-based education at Lakes Tahoe and Baikal. This Inter-cultural program brings together 18 participants from USA, Russia, and other countries. Student will receive multi-disciplinary and hands-on curriculum focused on watershed management. Excellent opportunity for students or graduate who are interested in pursuing a career in natural resource management, international policy, or related fields. Go to www.tahoebaikal.org for more information.

Additional Environment, Energy & Urban Planning Work Opportunities

After viewing CMConnect opportunities, check out internships Nationwide Internship Consortium Database available by clicking the Nationwide Internship Consortium link under the "jump to" header. At the NIC homepage, click "view internships," under the "shortcut heading," and begin your search. Below is a selection of internships.

Employer: [The Nature Conservancy](#)

Position: **Saco River Project Intern**

Location: Freyburg, Maine

NIC ID: 6147

Resume Deadline: Friday, January 8

The Nature Conservancy works to protect ecologically important lands and waters for nature and people, including habitat along New England's most heavily traveled paddling corridor, the Saco River. Saco River Project Interns provide impact mitigation education to recreational boaters and paddlers during the summer.

Employer: [Catalina Island Conservancy](#)

Position: **Summer Intern**

Location: Catalina Island, California

NIC ID: 6258

Resume Deadline: Thursday, January 21

The mission of the Catalina Island Conservancy is to be a responsible steward of its lands through a balance of conservation, education and recreation. The Summer Internship Program is designed to provide hands-on, field experience in the island's conservation efforts.

Employer: **U.S. Environmental Protection Agency**

Position: **EPA Summer Student Employment Programs**

Location: Boston, Massachusetts / New York City, New York / Washington, D.C.

Resume Deadline: Wednesday, April 7

The U.S. Environmental Protection Agency is looking for energetic and highly motivated students for summer employment. Numerous opportunities are available within EPA for students to gain valuable work experience while contributing to the mission of protecting human health and safeguarding the environment.

Environment, Energy & Urban Planning Resources

Website Resource- <http://www.greenjobs.com/public/index.aspx>

Greenjobs was launched in 2004 to focus specifically on all aspects of employment in renewable energy worldwide. Greenjobs is staffed and supported by people with a long experience in the field of renewable energy (RE). Our headquarters are in California. Our goal is to become the leading provider of RE employment services and information. At Greenjobs, we want to make it easy for talent and employers to find each other in the world of Renewable Energy and thus harness its greatest potential.
