

PREFERENCE TO STUDY OFF CAMPUS

All members of the **Class of 2013** who wish to study abroad during their junior year must submit this form to the Office of Off-Campus Study by:

Friday, November 5, 2010

Preference Forms submitted after 5:00pm on the deadline date will have no priority for the preferred semester regardless of the rationale. Changes to the requested semester after submission of this form will be considered by special review only and are not guaranteed.

CMC will attempt to meet all reasonable off-campus study preferences for eligible students. However, be aware that your semester preference may not be available, and you will instead be asked to choose a different semester. If you are approved to **apply** for study abroad, your application itself must still be submitted and approved at a later date.

Keep in mind that study abroad during the fall semester or the academic year requires a 9.0 cumulative GPA, while study abroad during the spring semester requires an 8.5 cumulative GPA.

Place an X to indicate the semester(s) that you prefer to study abroad:

I plan to **study abroad** during (check one ONLY):
